

Locker Room Renovation FAQs

Why are the locker rooms being renovated?

They are 21 years old and we're upgrading our locker rooms to provide a more comfortable, modern, and functional space for you, our members. This renovation reflects our ongoing investment in your wellness experience and our commitment to maintaining a high-quality facility.

How long will the locker rooms be closed?

Locker rooms will be closed for approximately 4 months, beginning on Tuesday, September 23. We'll share updates along the way and announce the grand reopening in advance.

What are the temporary arrangements for showers and changing?

You'll still have access to essential amenities:

- Outdoor showers on the pool deck (bathing suits required)
- Private changing rooms located on the pool deck
- Alternate day-use lockers will be available in the fitness center and on the pool deck

Do I have to wear a bathing suit to shower?

When are the temporary facilities available?

Outdoor showers for rinsing off, changing rooms, and lockers are open during regular JCC hours, just like our standard locker rooms currently are. For specific hours, please visit our website, check signage or ask at the Welcome Center.

Are there still towels available for swimmers?

Of course! Towels and towel service is still available.

Are there bathrooms on the lower level near group fitness studio or near the pool?
